

Somewhere in line there's a traitor  
No way  
And you know that's a sign from pressure from outside  
this time around  
Coercion, renegades against the wall  
Shaking out of anxious boredom

Can't wait to fly to regain composure in my life again  
Somehow the opposition has been informed  
Can't tolerate the uncommitted numbers  
The faction must re-encode the mission
