

# Decieved

Snapcase

Cause I love you  
I don't have to see  
cause I don't know you  
I can't know me

Cause I don't know why  
but I'm willing to die  
possessed to be  
I killed you in me  
and I'm to blame  
I killed the flame  
persist to try  
I'm living a lie  
living a lie  
living
