When you're awake When lightening strikes you know When you're awake It definitely starts glowing All the girls that's in this room Get up close, you'll feel so much better It feels so good to know When you're awake With the G come to the light Put your hands together and close your eyes Smell the aroma, visualise Do not try to get higher than me Why stop it there? Get high as can be It's time to spark up some [?] Feel the blaze The [?] number one (there's nothing new under the sun) Feel the awake When you're awake When lightening strikes you know When you're awake It definitely starts glowing All the girls that's in this room Get up close, you'll feel so much better It feels so good to know When you're awake With the G come to the light My name is Snoop Dogg, not to complain I gets my groove on, I do my thing My planet's Krypton, home of the freaks Come get your moon rocks, I am a G It's time to spark up some [?] Feel the blaze The [?] number one (there's nothing new under the sun) Feel the awake When you're awake When lightening strikes you know When you're awake It definitely starts glowing All the girls that's in this room Get up close, you'll feel so much better It feels so good to know When you're awake With the G come to the light
