Snoop Dogg

The Mekanix

S-N-Double O, don't forget the P Pimp  
A hunnid-million later, & I'm still on that G shit  
Been all around the world on my LBC shit  
213 click, wish Nate could see this  
Recognize game when it's in your face  
And when I pull up all you hear is Everlasting Bass  
Say what up to my young life, give dap to the G's  
Kiss some aunties & models that's happy to see me  
Snoopy D O double where you been?  
On the 1-10, doing a hunnid & ten  
Back in the building like I forgot something  
Mechanix on the Beat, you know it knock (cutting?)  
Dipping and sliding, cripplin' and riding  
Sitting on candy paint  
Dressing and finessing, looking like a blessing  
Making all the hoes sing, the Dogg

4 15's with the zap on my lap  
Riding through the ghetto, all you here is the slap  
Everybody throwing up gang signs  
Throwing up gang signs  
4 15's with the zap on my lap  
Riding through the ghetto, all you here is the slap  
Everybody throwing up gang signs  
Throwing up gang signs

Four nick shells something fell on my lap  
Couple suckas that'll tell you how I cracked on they hat  
Couple suckas that'll tell you we ain't dishing out passes  
Couple suckas that ain't here and we'll piss on they ashes  
Twisting up my fingers, send the signal like the blinkers  
Get you hit with all these blinkys, Nipsey screaming out the speakers  
Hit me on my beeper if it's urgent or you tweaking  
Free my lil bro from Keifer, if he's snitching you can keep him  
Show the pink slip if you ain't leased them nigga shut up  
I just stuck my dick all in her mouth, she acting stuck up  
Why they do the most on Instagram but never run up  
Probably cause I rhyme with that yiki, I got one up  
Membership, ask about the Mozzy, nigga been the shit, benefits  
Profit off they work cut, that's what business is, it's tentative  
All I heard was dividends, I'm all in on bloods  
We put in labor with cadence and what no calling in

4 15's with the zap on my lap  
Riding through the ghetto, all you here is the slap  
Everybody throwing up gang signs  
Throwing up gang signs

Still sipping gin and juice while I'm smoking marijuana  
I bet you never blew with Obama  
Crip walking with my homegirl Martha

While I'm passing joints to Madonna  
Who wants to smoke with Snoop? Let's have a smoke or two  
Puff puff pass that's what real smokers do  
You smoking on Gary Payton, I'm smoking with Gary Payton  
We not the same, stop hating  
Triple gold Dayton's and the walls is white  
Never made it to the league but live a baller's life  
Rest in peace Kobe and Gigi  
LA ain't been the same since we lost the homie Nipsey  
Pour out a little liquor for Pac  
And while you at it say a prayer for the homie Doc  
When Snoop drop I make the world go crazy  
It's still nothing but a G thang baby

4 15's with the zap on my lap  
Riding through the ghetto, all you here is the slap  
Everybody throwing up gang signs
