

# So Gangsta

Snoop Dogg

From the hood, to the valley, from yards, to the alleys  
"Wonderland" in demand and the man is "Malice"  
O.G.'s blow trees, gold keys to the palace  
Gangbang on 'caine maintain for the challenge  
and shank ya, bank ya, levitate ya, spray ya  
Butch (Cassidy!) Come with some gangster flavor

On my block, I handle my deep business every day  
I hustle, on the streets I do it the old fashioned way  
I roll out, with some girls that's from the hood  
They love me, that's understood  
And we burn trees that's so good, damn, we, should  
Daily, I stay G'd up with my khakis and my 'gars  
Burn, then I pick up my two dogs and bend the curb  
That's gangsta, gotta grab a fresh bud  
Now I bend it up like a thug  
And my Chrysler on two dubs, plus, G'd, up  
I keep it gangsta fo' sho', because it's all that I know  
The only way that I roll, the only way that I'll go I'm so

SO gangsta, I'm so, SO gangsta  
So gangsta - SO gangsta, we are, I'm soooooooo

So you won't have to bother or come back yeah baby father  
Best save for dada, unbutton your collar

Six-deuce Impala, hip-hop to holler  
Chipped blocked and locked, hits with rottweilers  
Stand out, and van out the week  
I bang out, and hang out the streets  
Push the line of a capo, a don  
Whick-whack niggaz did black folks so wrong  
Peep that out

Two times on mine; see I'm a vet on the set
