

Talk Dat Shit To Me

Snoop Dogg

(Amplified)

Ho, well alright, y'all
Talk that shit to me
Tell like it T-I-is, my nigga
Talk that shit to me
Uh, talk to me 'cause I'll talk back
It ain't my fault your girl fell in love with a gangsta mack
Now that's for all the gangstas
Talk that shit to me

Peter Piper picked and pimped and played the game with passion
Made power plays with paper while they folded like a pamphlet
Protectin' my progression, politickin' for the P
Platinum with Doggystyle, "Deep Cover" was the prequel
Polarizin', prophesizin', I'm what put us on the map
And probably bustin' down the P-O-U-N-Ds into them sacks
Pound the pavement with the pushers, pocket rocket for the pussies
Playa tried to play me close, I left him bleedin' in the bushes
I'm like a pigeon with precision, Snoop be shittin' from the top
Piggly Wiggly's on patrol, tried pop us at the park
Partner, please, we just posted up, we plottin' on some paper, mane
Just popped a Pontiac and peach is probably what I'll paint the thang
Papered up, I can't complain
Still I play the game, but they won't ease the pain
My homies passin' earlier than they 'posed to
Pop 'pagne in a Porsche
The most powerful Crip to ever throw up gangs on a poster

Talk that shit to me, from the LBC
Talk that shit to me (Talk that shit to me!)
There's levels to this game
Got to earn your stripes
Bitch, if you ain't breakin' bread
Then you need to get a life
Talk that shit to me!

Crip without a crush, cock it full of cucks, check that
Cock it then I cuss, calm when in the clutch, step back, swish
This Crippin' collision causing catastrophes
My casual conversations end up turnin' into causalities
Cold game, cat crackin' with Kokane
Go against the game, we got a cullet with 'yo' name on it
Showstopper that dropped classics
The same nigga that closed Curtains will close caskets
It's Cause, the crew on it, too, like compilation tracks
Runnin' numbers up but it ain't no miscalculatin' that
Goin' Kamikaze for me and my concentration camp
Ko', we had to take it back 'cause really ain't no cake in that
Crip to life
Play "Superman" I'll be your Kryptonite
Took the nigga's bitch 'cause she rather fuck a Crip tonight
Get this right, can't call yourself a king unless your clique is right
You niggas better get your Crippin' right
