

## tha Eastsidaz

Snoop Dogg

Mobbin', straight billin' through the Eastside  
Never had a site to rhyme but I'm still mobbin'

Dope dealers, to the fullest  
I keep my glock, stuffed with rocks so watch out for the bullets  
Eastside, young nigga sportin' them chucks  
Never givin' a fuck so watch out for the come up

Them Eastside niggas be the crip, crip, craziest  
Ride wit my niggas, fool, we gon' die for this  
No need to be a punk, just dump when I say so  
Empty the clip, another block let's go

I don't give a fuck about some posted what  
So C slide me the mac so I can rip shit up  
We ain't finished with this mission so listen to what's crackin'  
We ain't rollin' wit you niggas that's scared to do the jackin'

The plan don't stop, nigga, fuck the cops  
If a nigga snitch he the first nigga to drop  
That's all my game, we ride like macked up trucks  
You know them niggas on the Eastside be givin' it up

Just blast for me and I'ma blast for you  
When I'm in jail, get cash and I'ma mash for you  
That's on the real, homeboy, don't let me down  
I clown, homeboy and I bang the pound

We Tha Eastsidaz, what define us is we ridaz  
And when we come through real niggas stand beside us  
Killers, cutthroats and knivers  
Bringin' it the livest and leavin' no survivors

I still wear the same pair of khakis, 'least three days  
Nappy ass, French braids and it ain't no thang  
Hang with motherfuckers wanted for all types of crimes  
Plus them little bitty niggas on they bikes wit nines

On the grind no I rhyme nigga times is hard  
Got jugs of water buried all across my yard  
One time on my line tryin' ta find a cause  
Toss a nigga in the street and reach up under my balls

Guns cocked, mug shots, cell blocks and locked down  
But I done made it too far to stop now  
Results of a banger, to most I'ma danger  
No hope for those who come to close to the chamber

Bitches lovin', I'ma gangster so fuck it  
No matta if I hafta I get at 'em in a bucket  
Tuckin' in my shirt and all that shit don't work  
First look, say, I'ma crook that did dirt for the turf

High talk, high walk when I stalk the street  
Guarantee who try to see me come across the feet  
It's a Eastside lifestyle, wild and foul  
Goin' out, puttin' it down, sayin' fuck the trial

Aim is to be famous wit major loot  
A gang of juice in case I gots to bring the troops  
And everybody know the Eastside the craziest  
So motherfuckers know it ain't no fadin' this
