Independent I'm in it been getting my cash right  
Walking through the day time holding my flashlight  
Spliff-ted High as I can ever be  
I'm lofted drifting on the memory  
My style my tone my delivery  
My Maze is Frankie Beverly  
Heavily influenced I do it like you can't  
I'm the weed to the Zag with the bag and a drink  
Get live that's five on the black hand side  
Now try to stay fly with a piece of pie  
I heard fish don't burn in the kitchen  
The baby gangstas they get in the hood and on a mission  
You pump em up they fuck it up  
Now what you need to do is toughen up  
Now thug it up what it do dog  
I thought you wanted to be like big

Snoop Dogg  
Ooo  
I wonder wonder wonder what it do  
Ooo  
I wonder wonder wonder what it do

When I get lost  
I feel like a boss  
She will be my salvation  
When I feel lost  
With nowhere to go  
She'll be my inspiration  
She never spends  
Time with her friends  
Tells me she's mute without me  
And when things go wrong  
Her faith is strong  
I know that she'll never doubt me

Hey Snoop Dogg
