

Murder capital, rap Philly's a new city  
Sharpened crease on the Dickies for the new yiddy  
New fitty on the top pops move with me  
New pair I never seen, drop two-fifty  
Nigga cruise with me, I move fast now  
I spit rapid fire past the cloud  
Blast em out, massive style, beware of the space shuttle  
Bathing apes won't help me escape the jungle  
I bet ? I can dump and kill  
Fuck bills but believe every month is real  
I'm the type that can live for the day  
So if I borrow tomorrow that's the price a nigga gotta pay  
I treat hard days like a holiday  
So holla back, I'mma holla when the sky is grey  
For life I'mma rap till my dying day  
My mind spray, my nine spray

It's time to divide the men from boys  
Who speak the truth, who's the real McCoy?  
Who locks shit down? Who paid their dues?  
Who got them heaters like you say you do?  
It's time to divide the men from boys  
Who speak the truth, who's the real McCoy?  
Who locks shit down? Who paid their dues?  
Who got them heaters like you say you do?

Yo we moving on, there's no blood, no ashes  
We still brothers, ain't nothing gonna pass us  
We ain't on the same level or bracket  
Take a few shots of Hen just to settle the savage  
Nigga the new album is a gift, got a curse  
You's a bitch with a switch, lipstick, got a purse  
Have em all praise Crypt, let em sing out at church  
Or I might have to bring out the hearse  
For what it's worth I'm not a blood, not a crip, I don't play no turf  
I wreak havoc worldwide try to claim this earth  
OS for life nigga, Plan's my ace  
Doing a lifetime bid, no plans to escape  
Y'all act like women, I'll slap you in the face  
Pimp slap you like a bitch and let it come from the waist  
So don't go there, the show there, I slow there  
Suffocate you faggot rappers, no air
