

## Sepulchral Voice

Sodom

Dark deathknell call you to the throat of the  
glowing hell lights of exist become extinct  
and you read the epitaph of your grave

You are the chosen messenger of hell  
Come execute your instruction with spell  
You got magic power to all  
in league with Satan for holy ghosts fall

Love to drink the blood of the slut  
adore the bestial rite  
eat the virgins heart warm and sweet  
destroy the unborn holy meat

The Sepulchral Voice  
mysterious groans torment your mind  
the shadow of evil make you blind  
a funeral song out of the burial place  
damned you to hell from the human race
