

# Shadow of Damnation

Sodom

I saw your face in the crowd  
Impressed so deep inside my heart  
Nothing gonna stop me now  
Seduce this little whore

Your soul was dipped in venom  
Your dignity with angel's words  
Sweetness of your dirty love  
That makes me feel so good

Refracting the light of my dreams  
Darkening the sun of my hopes  
Like silhouette of dissimulation  
Like a shadow of damnation

Riding on a train I cannot control  
Through all the pain, through all the sorrow  
It's just the passion I demand  
It's just the road that never ends

Refracting the light of my dreams  
Darkening the sun of my hopes  
Like silhouette of dissimulation  
Like a shadow of damnation

You are acting on your playground  
To see me creep and crawl  
God-awful my dependence  
Upon this greedy soul  
Lacerated by your passion  
The devil seems to be with you  
Secret wishes, satisfaction  
Emotions of a fool

Refracting the light of my dreams  
Darkening the sun of my hopes  
Like silhouette of dissimulation  
Like a shadow of damnation

Like a shadow of damnation  
Like a shadow of damnation  
Like a shadow of damnation
