

Bad Poetry

SoKo

You make it rhyme, but it doesn't
And when you cry, you really mean it
Don't you?
When I read through the lines
All I see is
Bad poetry

You're taking course of litterature francaise
And way too often
You drop a name like verlaine
And all the legends that you like
They don't pretend
As much as you try
It's bad poetry

Amour amour
Sans toi je ne suis rien
Ton absence me hante
Du soir jusqu' au matin
Car le son de tavoix
A envahi mon coeur
Si doux, si delicat
Amour, sans toi je meurs
Ahah, it's bad poetry...
