

Man of Faith

Solar Fragment

Torn by a lie and defeated
by life I despaired
Every single hope was dashed
between the wheels of my chair
Now I revive! The sand beneath my feet:
This is my miracle, this is my release

Here I am, a man of faith
it was my destiny to come to this place
And I know my part: I will meet my fate
I will struggle till I see the island's heart Each of us was brought here for a purpose
each of us is at the island's service
The numbers cannot stop me
from facing Hatch and Rock
Call me hunter or scarface or just call me Locke

Here I am, a man of faith
it was my destiny to come to this place
And I know my part: I will meet my fate
I will struggle till I see the island's heart

Yes, I looked right into the eyes of the island

(4 8 15 16 23 42 - you are doomed)
and what I saw was beautiful and you better trust your visions,
follow your siren!
Repent your sins to me!

Now I revive!
The sand beneath my feet:
This is my miracle, this is my release

Here I am, a man of faith
it was my destiny to come to this place
And I know my part: I will meet my fate
I will struggle till I see the island's heart
