

## Red View

Solefald

Burn the edges of your thoughts  
-feel the air beneath  
Burn the edges of your thoughts  
-feel the air beneath

Witness the cosmic dance  
From a red view

Burn the edges of your thoughts  
-devastating fire  
Burn the edges of your thoughts  
-devastating fire

Pieces of a paradise never created  
Floating on the tide of the human mind  
Washing the shores of the microcosmos  
Guiding hordes of men  
Towards the sick and the blind

-red view-

Ascend, descend - the order of chaos  
Stay safe in the eye of the  
Renaissance tornado

See the universe unite  
And yourself become its key,  
And a sense of correlation  
Your opportunity
