

## Dance

Sóley

I dance away from all my fear  
Come back  
My feet will move until I lie  
Down there  
My soul will dance over your house  
Your house will never smile again  
Take all your memories  
Put them in your bag  
'cause you need to run away  
The dance is not over.  
Remember light your house on fire  
be quiet don't wake up the fear  
it's sleeping, put your fear in the bag  
hurry now, close it, laugh and leave.  
Take all your memories  
Put them in your bag  
'cause you need to run away  
the dance is not over

:dance for us dance for us dance for us fear:  
dance with us dance with us dance with us fear
