

# Come And Get It

Solid Harmonie

See'mon, come and get it baby  
If you really want this, babe  
See'mon and get it yourself  
You know that you can't deny it  
In your heart you want to try it  
See'mon and get it yourself

Boy, since I've been seeing you  
You're the only thing on my mind  
I contemplate what to do  
You're everything that I want to find  
You're telling me that you are confused  
You say you want to love me without being used  
Baby, you can give it away  
I can guarantee you that I'm here to stay

I won't waste your time  
You can believe me  
My heart is right here  
I don't want nobody else  
So baby come and get it yourself

See'mon, come and get it baby  
If you really want this, babe  
See'mon and get it yourself  
You know that you can't deny it  
In your heart you want to try it  
See'mon and get it yourself

I know all about your lies  
And all the other games that you play  
You'll never be hurt by me  
There'll be no broken-promising me  
Baby let your feelings go  
If you never try it then you'll never know  
Just open up to understand  
How much I can love you  
Can you be a man?

I won't waste your time  
You can believe me  
My heart is right here  
I don't want nobody else  
So baby come and get it yourself

See'mon, come and get it baby  
If you really want this, babe  
See'mon and get it yourself  
You know that you can't deny it  
In your heart you want to try it  
See'mon and get it yourself

Ooh I got a situation  
Baby needs love and a demonstration  
That's for sure I don't want nobody else  
So baby come and get it yourself

You can come and get it yourself  
Come on and get it yourself

See'mon, come and get it baby  
If you really want this, babe  
See'mon and get it yourself  
You know that you can't deny it  
In your heart you want to try it  
See'mon and get it yourself
