

Dead Right

Someone Still Loves You Boris Yeltsin

I don't wanna keep up
I just wanna get stuck

I don't wanna get drunk
I just wanna get some

You're gonna lose me
If you don't choose me

Yeah, you're right but you'll
be dead right
Yeah, you look alright, but
you're dead, right?

Yeah I know we're on a
collision course
I know it sucks and it just
gets worse
Yeah I know I know I know

You're gonna lose me
If you don't choose me

I don't won't to keep up
I just wanna get stuck
