

I blame myself for being boring  
Did i say, did I say what i want?  
Well here's my chance to tell you everything  
I blame you for being awful  
Did I say, did I say what I want?  
You're scared of change and that's the ending  
Did I say, did I say what I want?  
You're still the same so stop pretending  
(wwooooaah) I'm rolling down the road  
To keep you happy  
(wwooooaah) I'm rolling down the road  
To keep you happy  
Did I say, did I say what I want?  
I cannot change to meet your morals  
Did I say, did I say what I want?  
I'm moving forward so i can reach my goals  
(wwooooaah) I'm rolling down the road  
To keep you happy  
(wwooooaah) I'm rolling down the road  
To keep you happy  
Whenever i feel this way I get inclined to understand your way  
Stare into the silent light as waves of thought crash through m  
y mind slowly  
Reach out slowly reach out slowly  
(wwooooaah) I'm rolling down the road  
To keep you happy  
(wwooooaah) I'm rolling down the road  
To keep you happy
