

# Blue Rose

SoMo

(You make me come alive)  
(If I couldn't hold you up)

You make me come alive  
You make me crazy  
If I couldn't hold you up  
Oh, would you trade me  
If I lived another life  
Oh, would you hate me  
Or could you still love me like that

You make me come alive  
Oh, when you kiss me  
If I couldn't hold you up  
Oh, would you diss me  
If I lived another life  
Oh, would you miss me  
Or could you still love me like that

Ain't no such thing  
As a blue rose  
Come and ride with me  
Down these back roads  
We can sip slow  
We can move fast  
We can go out where they don't grow grass

But that storm'll come a callin'  
Like a Kamikaze comet  
Been livin' in the darkness  
Singin' like I'm heartless  
But now I'll sing it proudly  
I'll sing it like I planned  
I'll sing it like you wanted  
I'm tryin' to be the man

I was busy wishin' on a four leaf clover  
To bring you closer before we got older  
I was busy wishin'  
Prayin' for something  
But love don't mean nothin' if you never love back

I was busy wishin' on a four leaf clover  
To bring you closer before we got older  
(Closer than that)  
I was busy wishin'  
Prayin' for something  
But love don't mean nothin' if you never love back

All the fireflies are cryin'  
They've been hidin' out at midnight  
They say we got this one chance  
But it's dyin' in the moonlight  
Got visions of the aftermath  
(Aftermath, aftermath)  
What is there after that  
(What is there after that)

I'm hoping for a better life  
I wanna see a better path

But that storm'll come a callin'  
Like a Kamikaze comet  
Been livin' in the darkness  
Singin' like I'm heartless  
But now I'll sing it proudly  
I'll sing it like I planned  
I'll sing it like you wanted  
I'm tryin' to be the man

I was busy wishin' on a four leaf clover  
To bring you closer before we got older  
I was busy wishin'  
Prayin' for something  
But love don't mean nothin' if you never love back

I was busy wishin' on a four leaf clover  
To bring you closer before we got older  
(Closer than that)  
I was busy wishin'  
Prayin' for something  
But love don't mean nothin' if you never love back

You make me come alive  
You, you make me crazy  
If I couldn't hold you up  
Oh, oh would you trade me  
If I lived another life  
Oh, oh would you hate me  
Or could you still love me like that

You make me come alive  
Oh, oh when you kiss me  
If I couldn't hold you up  
Oh, oh would you diss me  
If I lived another life  
Oh, oh would you miss me  
Or could you still love me like that
