

Born to Die

SoMo

Crazy how the water falls
When you're falling down
Crazy how the water calms
When you're sorry wow
Can't believe my feet came back
From these starry doubts
Loving you is the one thing left
That I'm sure about

Born to die for ya
Born to fight for ya
I'm holding out I'm hand cause I'm
Born to die for ya
Born to fight for ya
Give my life for ya
When will you understand that I'm

Whoa oh oh oh oh
Born to die for ya
Born to fight for ya
I'm holding out I'm hand cause I'm
Born to die for ya
Born to fight for ya
Give my life for ya
When will you understand that I'm

Hazy from the water fall
It's all in now
Maybe I should hold my breath
Til it all pours out
Wishing for a sweet sunset
From stormy clouds
Loving you is the one thing left
I'm sure about

Born to die for ya
Born to fight for ya
I'm holding out I'm hand cause I'm
Born to die for ya
Born to fight for ya
Give my life for ya
When will you understand that I'm

Whoa oh oh oh oh
Born to die for ya
Born to fight for ya
I'm holding out I'm hand cause I'm
Born to die for ya
Born to fight for ya
Give my life for ya
When will you understand that I'm

Speaking of
Will you love me til I'm old
Fade to grey and turn to bone
Would you leave me all alone
You're the only one I want

Will you love me til I'm old
Fade to grey and turn to bone
Would you leave me all alone
You're the only one I want

Whoa oh oh oh oh
Born to die for ya
Born to fight for ya
I'm holding out I'm hand cause I'm
Born to die for ya
Born to fight for ya
Give my life for ya
When will you understand that I'm

Crazy how the water falls
When you're falling down
Crazy how the water calms
When you're sorry
