

## Heart of Gold

SoMo

Well I'm a country boy  
With a heart of gold  
And a heart of stone  
At the same time  
I been broken down  
I been all around  
I've seen all the towns before

But I keep going  
But I'm not knowing  
And they keep showing  
Love, love, love, love  
And I keep going  
I keep going

I'm just a country boy  
Who's found his roots  
I'm a human man  
And you're human too  
I won't judge nobody  
I won't hold no grudge  
I won't hold hate in my heart  
I am nothing much

But I've got gold  
I've got soul  
I've got fire  
I've got hope  
I've got everything  
But you aren't enough  
When I hold my  
And I'll see it  
Love  
Love
