

Trees

SoMo

Trees take a long time to grow
Love takes a long time you know
I don't wanna look back
No more no more no
Would you call me your friend
Do you really see me in the end
Sittin' in a rocking chair
Holdin' your hand
With that grey old hair

I see you and me
Fallin' now, fallin'
Went walkin' round
Through the leaves
Would you walk with me
Older now, bolder
Went walkin' round
Through our dreams

I see you and me
Fallin' now, fallin'
Went walkin' round
Through the leaves
Would you walk with me
Older now, bolder
Went walkin' round
Through our dreams

Trees take a long time to grow
My heart took a long time to show
I don't wanna look back
No more no more no
Would you call me your friend
Do you really see me in the end
Sittin' in that rocking chair
Holdin' your hand
With that same old stare

I see you and me
Fallin' now, fallin'
Went walkin' round
Through the leaves
Would you walk with me
Older now, bolder
Went walkin' round
Through our dreams

I see you and me
Fallin' now, fallin'
Went walkin' round
Through the leaves
Would you walk with me
Older now, bolder
Went walkin' round
Through our dreams

Trees take a long time to grow

Love made me calm down to know
I don't wanna look back no more no more no
Would you call me your friend
Do you really see me in the end
Sittin' in that rocking chair
Holdin' your hand
Til the end is near

I see you and me
Fallin' now, fallin'
Went walkin' round
Through the leaves
Would you walk with me
Older now, bolder
Went walkin' round
Through our dreams

I see you and me
Fallin' now, fallin'
Went walkin' round
Through the leaves
Would you walk with me
Older now, bolder
Went walkin' round
Through our dreams

I see you and me
Fallin' now, fallin'
Went walkin' round
Through the leaves
Would you walk with me
Older now, bolder
Went walkin' round
Through our dreams

I see you and me
Fallin' now, fallin'
Went walkin' round
Through the leaves
Would you walk with me
Older now, bolder
Went walkin' round
Through our dreams
