```
I've had enough of our machines
I'm giving up and I am letting down
I've had enough of our machines
I'm giving up and I am letting down
I've had enough of our disease
I'm picking up and I will walk away
I've had enough of our disease
I'm picking up and I will walk away
I'm asking up and I will walk away
I'm asking you to take
Io take
```
