

## Last Light

Son Lux

Don't forget yourself  
This is a fast life  
Keep listening  
Forgive yourself  
This could be the last light

Don't forget yourself  
This is a fast life  
Keep listening  
Forgive yourself  
This is a fast life  
This could be the last light

Don't forget yourself  
It's such a fast life  
Are you listening?  
Forgive yourself  
This is a fast life  
This could be the last light  
Of a fast life

This could be the last light  
Of a fast life  
This could be the last light, last light

Don't forget yourself  
This is a fast life  
Keep listening  
Forgive yourself  
This could be the last light  
Don't forget yourself  
This is a fast life  
Keep listening  
Forgive yourself  
This is a fast life  
This could be the last light
