

# Lost It To Trying

Son Lux

What will we do now?  
We lost it to trying  
We lost it to trying

What will we do now?  
We lost it to trying  
We lost it to trying

What can we say now?  
Our mouths only lying  
Our mouths only lying

What can we say now?  
Our mouths only lying  
Our mouths only lying

Give in and get out  
We rise in the dying  
We rise in the dying

Give in and get out  
We rise in the dying  
We rise in the dying

Give in and get out  
We rise in the dying  
We rise in the dying

Give in and get out  
We rise in the dying  
We...

What will we do now?  
We lost it to trying  
We lost it to trying

What will we do now?  
We lost it to trying  
We lost it to trying
