

Vacancy

Son Lux

I told you I'd be everything
But is there something more?
Something less?
And while your prints still cover me
I am not asking for release

But if my hands
Hurt you more than they help
Be careful with yourself
Be honest with me

If what you need is nothing
If what you need is no one near
If I can't give you what you want
What you need
I'll make the vacancy

I told you I'd be everything
But is there something more?
Something less?
And while your prints still cover me
I am not asking for release

But if my hands
Hurt you more than they help
Be careful with yourself
Be honest with me

If what you need is nothing
If what you need is no one near
If I can't give you what you want
What you need
I'll make the vacancy

If what you need is nothing
If what you need is no one near
If I can't give you what you want
What you need
I'll make the vacancy

Can I love you more just by leaving?
Can I love you more just by leaving?
Can I love you more just by leaving?
Can I love you more just by leaving?
