

## It's Much Too Late

Sonohra

I've been down before  
and got up again  
but I never felt this way  
every step we take  
gets up further from ourselves

Even if you're gone  
and you're history now  
I've been longing for your smile  
I just used to think  
we were meant to be as one

R : I'm a fool, I know  
But It's not a matter of who is right or wrong?  
maybe we could make it up  
but we just can't help but feeling  
something has been lost along the way  
And I know I'ts much too late

We've been down that road  
many times before  
but it never hurt so bad  
there's no looking back  
we just bleed and breathe the air  
I just used to love  
how you held me back  
when I tried to get away  
but it's useless now  
something has been lost forever

R : I'm a fool, I know  
But It's not a matter of who is right or wrong?  
maybe we could make it up  
but we just can't help but feeling  
something has been lost along the way  
And I know I'ts much too late

And I know I'ts much too late  
I was sure that we could rise as we would fall  
maybe we could make it up  
but you dream about yourself now  
when i try to stop this time from running out
