

# Dial My Number

Sophie Ellis-Bextor

When it's late  
At night  
I will wait to speak your thoughts  
Hear the message, broken bots  
But the truth may hurt

You don't understand (you don't understand)  
You don't know how I feel (you don't know how I feel)  
Stone cold warning (stone cold warning)  
I'm gonna

If you dial my number  
It's not enough  
You can wait and wonder  
It wasn't us  
And it's my head on the line  
Do you think they're gonna find?  
You see I'm not going under  
No  
I'm not in love

When you're lost at sea  
I'm on land  
Only that I search you right  
We only have one scene at night  
Just got one now, so enjoy the ride

You don't understand (you don't understand)  
You don't know how I feel (you don't know how I feel)  
Stone cold warning (stone cold warning)  
I'm gonna

If you dial my number  
It's not enough  
You can wait and wonder  
It wasn't us  
And it's my head on the line  
Do you think they're gonna find?  
You see I'm not going under  
No  
I'm not in love

Yeah, you can dream about it  
But don't believe it's real at all

If you dial my number  
It's not enough  
You can wait and wonder  
It wasn't us  
And it's my head on the line  
Do you think they're gonna find?  
You see I'm not going under  
No  
I'm not in love
