

# Heartbreak (Make Me a Dancer)

Sophie Ellis-Bextor

Heartbreak... Heartbreak...

Heartbreak...

Uh!, Oh!, Uh!, Oh!, ...

I've tried to hold myself together  
Tried to forget you've gone away  
The tears I've cried, they won't subside  
Unless the music starts to play

Keep it coming on and on and on

Heartbreak makes me a dancer, dancer  
DJ give me the answer, answer  
Love, stop getting me down, down, down  
Do it alone, I could do it alone  
Heartbreak make me a dancer, dancer  
Keep my heart beating faster, faster  
Love, stop bringing me down, down, down  
Do it alone, I could do it alone

I need to feel I'm getting stronger  
Long as I'm moving it feels true  
And with each step, I will forget  
Forget all those memories of you

Keep it coming on and on and on

Heartbreak makes me a dancer, dancer  
DJ give me the answer, answer  
Love, stop getting me down, down, down  
Do it alone, I could do it alone  
Heartbreak make me a dancer, dancer  
Keep my heart beating faster, faster  
Love, stop bringing me down, down, down  
Do it alone, I could do it alone

Heartbreak... Heartbreak...

Heartbreak... Heartbreak...

Heartbreak makes me a dancer, dancer  
DJ give me the answer, answer  
Love, stop getting me down, down, down  
Do it alone, I could do it alone  
Heartbreak make me a dancer, dancer  
Keep my heart beating faster, faster  
Love, stop bringing me down, down, down  
Do it alone, I could do it alone
