## **Heartbreak (Make Me a Dancer)**

## **Sophie Ellis-Bextor**

Heartbreak... Heartbreak...
Heartbreak...
Uh!, Oh!, Uh!, Oh!, ...

I've tried to hold myself together Tried to forget you've gone away The tears I've cried, they won't subside Unless the music starts to play

Keep it coming on and on and on

Heartbreak makes me a dancer, dancer DJ give me the answer, answer
Love, stop getting me down, down, down
Do it alone, I could do it alone
Heartbreak make me a dancer, dancer
Keep my heart beating faster, faster
Love, stop bringing me down, down, down
Do it alone, I could do it alone

I need to feel I'm getting stronger Long as I'm moving it feels true And with each step, I will forget Forget all those memories of you

Keep it coming on and on and on

Heartbreak makes me a dancer, dancer DJ give me the answer, answer Love, stop getting me down, down, down Do it alone, I could do it alone Heartbreak make me a dancer, dancer Keep my heart beating faster, faster Love, stop bringing me down, down, down Do it alone, I could do it alone

Heartbreak... Heartbreak...
