

Tricks

Sophie Hunger

There's a trick to everything
Sugar shock meets insulin
Ah-ah-ah ha !

You go high and need more
Exit through the mouse hole
And then enter through the stage
He-he-he hey !

And upside down the other way

What do do do, do, you do
When your dreams have all come true
What do do do, do, you do
When your dreams have all come true

Big office
Make money
Get bustard
Feel funny
The engine
Keeps rounding
For you

Ho-ho ho !
Nitroglycerin for healin'
You are in control
Of peoples feelings
You push you down
To help him up

What do do do, do, you do
When your dreams have all come true

What do do do, do, you do
When your dreams have all come true

How will I it gonna do
When your dreams have all
Come true, huuuuu
How will I it gonna do
When your dreams have all
Come true, huuuuu

Nitroglycerin for healin'
You are in control
Of people's feelings
Of people's feelings
Of people's feelings
Of people's feelings

Don't push your love
Don't push your love
Don't push your love

How will I it gonna do
When your dreams have all

Come true, huuuuu
How will I it gonna do
When your dreams have all
Come true, huuuuu
