

Goodbye

Sophie Zelmani

I told you once
I did
Of there you taught me how

It was never in my believes
I'd ever learn to say goodbye

How do you say goodbye
How do you get free
I tried to say goodbye
But you're still here with me

If you say you never were here
That you never been seen
I wonder where we'd stand
If you would have stayed in my dreams

You should have stayed in my dreams
You should have made it stop
Cause you were just a dream
Since I have given up

How do you say goodbye
How do you get free
I tried to say goodbye
But you're still here with me

How do you say goodbye
How do you get free
I tried to say goodbye
But you're still here with me
