

Only A Miracle

Sophie Zelmani

Only a miracle, only a miracle
Can save me
Only love and only help from above
For my fate I turn to you
I will yield for whatever you will do

Only a gift, only a gift from the Lord
Can free me
Only a love only love can cure
By your verdict I abide
Only you can get life back on my side
on my side

Only a will only a heavenly will
Can heal me
Only a trust that he sees me still
For you mighty I lay down
Only you can lift me up this time

Only a miracle, only a miracle
Only love only help from above
