

To Be Forgiven

Sophie Zelmani

I've got to choose a road with Many churches along I need to be
forgiven Before I can be moving on

I've got to find those priests that Can be looking down on me A
nd tell me I'm forgiven For every wrong I feel

'Cause other way is prison And there's no place I wanna be

I've got to read some chapters To teach me good and kind I need
to be forgiven For the dark things on my mind

'Cause other way is prison And I can't stay there all night Oth
er way is prison

I need to earn salvation That can help me just to be I need to
be forgiven Before I ever can walk free
