

# All Of My Life

Sophie

I'm in love with you  
'Cause baby you can change my world  
May be you will make my life so new  
And my emotion can't be true

Come on baby lost together, love forever  
Take my passion now or never  
Let me prove it, make me lose it  
Satisfaction come inside

All of my life, I'm gonna dream it tonight  
For I can't live when you turn off the light  
Falling without you  
All of my life, I need you just for a night  
'Cause I can feel the power, big desire now  
Forever and ever

I'm in love with you  
'Cause baby you can take my soul  
Baby you can make me feel so blue  
Don't let me be misunderstood
