

# In The Name Of Love

Sophie

Tell me what's the meaning  
I don't understand you're looking for  
You got to take my love, my passion  
When you touch me feeling the  
Pressure

Baby now I'm ready to live with you  
Forever more  
And with your loving you can make  
Me fly  
I believe in there stories of love  
So baby we can be just like one

Living in the name of love  
And my body to your body I, lose  
Control  
Living in the name of love  
Look in my eyes, I will be yours forever  
Name of love  
I remember when my days where  
Empty  
Living in the name of love  
I'll gonna old you baby in the name  
Of love.

I'll be when you need me  
I can give you all the love you need  
And there's no time to waiste, to lose  
Now  
If you kiss me, I'll love you forever.
