

It's Rainy Day

Sophie

Baby

You killing me, You want to make me cry
With the message you are sending me

But I save all my tears
And I won't ask you why
If your love is gone I'll set you free

Don't you keep me hangin' on
Don't tell me if there is something wrong now
Don't you keep me hangin' on
Don't tell me "I want to think about it"

It's a rainy day for me
It's a rainy day you see
Maybe I should have saved that time
Funny how funny how
Love becomes a cold rain

It's a rainy day for me
It's a rainy day you see
Maybe I should turn back the time
Funny how funny how
Love becomes a cold rain

Baby
Before you leave
Before you say good bye
I want to tell you I will survive

And I don't wanna see
You with somebody else
In a new love sea I'm gonna dive
