

# Homesick

Soul Asylum

**C** **G**  
I want to live with you  
**D**  
In the fifth dimension  
**Ami**  
In a dream I've never had  
**Fmaj7** **G**  
'Cause I just can't live like this  
**Ami**  
In a world like this  
**F**  
I just want to kiss goodbye

**C** **G**  
R: But we are not of this world  
**C** **G**  
And there's a place for us  
**F** **G**  
Stuck inside this fleeting moment  
**F** **Ami**  
Tucked away where no one owns it  
**F** **C** **Ami** **D**  
Wrapped up in a haste and by mistake got thrown away  
**C** **G**  
And oh, I am so homesick  
**Ami**  
But it ain't that bad  
**C** **D** **G**  
'Cause I'm homesick for the home I've never had

And though I sometimes get annoyed  
I know just where I'm at  
This is my song of joy  
And now I know there are no secret tricks  
No correct politics  
Just liars and lunatics

R:  
**C G D Ami**

**Fmaj7** **G**  
Though I would not take it personally  
**Ami**  
It's just the child in me  
**C** **D** **Emi**  
Who never really knew how much I had  
**C** **G**  
Woe is me, I am so homesick  
**Ami**  
But it ain't that bad,  
**C** **D** **G**  
'Cause I'm homesick for the home I've never had
