

Laff on Fat Boy

Soul Coughing

Laugh on, fat boy
The face concaves
Around the trombone
Forehead, jawbone

Folding

Hope was
The first thing out
Of the box

The pills
They make you strong
They burn the weight
Away

Nineteen
Eighty-nine

A picture
From before
This
Is after

Laugh on, fat boy
The speed induces
Laughter

And my mind swims back to
Fish in the river
Fish in the river
Fish in the river
Thoughts in their heads
