

## Devour Gomorrah

### Soul Embraced

Take me Lord  
From this world  
I pray it dies  
I pray it dies

Open my eyes  
Remove this cancer  
Remove this cancer

My spirit cries  
For the worldly demise  
Bury it deep  
Lock it away

Spirit sarcophagus  
In a grave tonight  
I'll sleep and when I awake  
This world will be gone  
You I will embrace

My soul is eternal  
I leave behind this inferno  
My soul is eternal
