

## Time and Again

Soulitude

When did it all begin I ask myself  
Who set the clock to count day after day  
Time never slows down time never sleeps  
You know it's passing by forever tick by tick

Ashes to ashes and dust to dust  
No matter who you are, no matter where you are  
Past present and future, the trinity of time  
Time always will be there just watching you die

Time and again it's turning the hourglass  
Time and again it never goes back  
Don't be too late cause time waits for no one  
It goes on and on and on, it goes on and on and on
