

Welcome

Soulitude

Now come with me my friend
To a land of ecstasy
Stay away from agony
And join this fantasy

I will kill your pain
No reason for disgrace
Just keep away your sorrows
And enjoy this magic place

Fly so high - Just dream on and follow me

I'm the soul collector
Your soul belongs to me
The price you pay is higher
Is higher than you think

Close your eyes and see
This world for you and me
I offer you a kingdom
And now you are the king

Don't fear to step inside
Forever you'll be mine
Hypnotized and mesmerized
Until the day you die

Fly so high - Just dream on and follow me

Welcome to a new World
Welcome to the land of joy

Sit back in the dark side
Now you're out of reality
Welcome to a new World
Welcome to the land of joy
Goodbye to your past life
Now you're in my reality
