

# Big Tears

Soulsister

Tell me baby now what am I to do  
Don't say maybe cause we ain't through  
Gimme something I can really use  
Oh, Baby  
Lately I'm confused

People talking I don't believe a word  
say you're walking now tell that's absurd  
Tell me baby now none of this is true  
Before I lose myself  
in the thought of losing you

And I  
Cry cry big tears  
Cry cry cry big tears  
If you try to forget them years  
I would cry cry big tears

I've been wondering if something's gone wrong  
Got me thinking where do I belong  
So I thought I'd tell you just what you mean to me  
Oh baby if you ever leave me

I would  
Cry cry big tears  
Cry cry cry big tears  
If you try to forget them years  
I would cry cry big tears

I lay restless all night long  
Can't imagine life with you gone  
I'd be half the man half the man I am  
Standing in the shadows  
Sinking in the sand

I would  
Cry cry big tears  
Cry cry cry big tears  
If you try to forget them years  
I would cry cry big tears

Cry cry big tears  
Cry cry cry big tears  
If you try to forget them years  
I would cry cry big tears
