

Old School Lovin'

Soulsister

I might have a year or two on me
Trust me girl, It takes some time
To learn to make a woman shine
You've got to work to get a love degree.

It's gonna take all night before I'm done
Taking you from A to Z
Doing what comes naturally
Baby come along and get you some

Old school lovin'
Comin' from the heart
Old school lovin'
Lightin' up the dark
High time you were shown
There ain't nothing half as strong as
Old school lovin' all night long
Old school lovin' all night long, now listen

Baby we all want the same in life
The kind of love that's gonna last
Well you can't get there goin' fast
Relax, enjoy the ride till we arrive with

I'll keep you coming back to me
I'll keep you coming back to me
I'll keep you coming back to me
I'll keep you coming back to me
And hold you tight enough to set you free
Old school lovin' all night long
Old school lovin' all night long
Old school lovin'
Old school lovin' all night long

High time you were shown
There ain't nothing half as strong as
Old school lovin' all night long

I'll keep you coming back to me
I'll keep you coming back to me
I'll keep you coming back to me
I'll keep you coming back to me
And hold you tight enough to set you free
Old school lovin' all night long
Old school lovin' all night long

Old school lovin'
That's what I'm gonna do
Old school lovin'
Bring you mama too
Old school lovin'
Old school lovin'
Yeah!
