

# Amon's Fountain

## Soulspell

[Tobit - Leandro Caçoiolo]  
Time may wash whole ages away  
But some fates will remain

[Choir]  
Time may wash whole ages away  
But some fates will remain

[Amaranth - Gui Antonioli]  
You'll not decide or agree  
Imposed on you it will be  
In a dream inside a dream you'll stare  
At the fountain of your own despair

[Arlim - Tito Falaschi]  
How long will your realm of lies last?  
Follow me and repent the sins from your past  
Maybe this time you won't regret  
Living among lies is hard to stand

[Amon - Iuri Sanson]  
Trade you sword  
No matter how divine  
It won't be worth a dime  
No!

[Timo - Mário Pastore]  
Why are the stars so hard to comprehend?

[Judith - Daisa Munhoz]  
Until the end

[Timo - Mário Pastore]  
They seem like inspiration for us to live again

[Judith - Daisa Munhoz]  
For some reason I let it flow within my dreams  
Eternally  
And life seems to whiter in me

[Amaranth - Gui Antonioli]  
Here a moment is like an age for you  
There would be no hope and nothing you could do  
There are reasons I could point you  
Gargoyles, servants, slaves, all of them too

[Arlim - Tito Falaschi]  
Maybe this time you won't regret  
Living among lies is hard to stand

[Amon - Iuri Sanson]  
Redeemer is lost  
Fairness never thought  
Here you will crawl

[Timo - Mário Pastore]  
Why are the stars so hard to comprehend?

[Judith - Daisa Munhoz]  
Until the end

[Timo - Mário Pastore]  
They seem like inspiration for us to live again

[Judith - Daisa Munhoz]  
For some reason I let it flow within my dreams  
Eternally  
And life seems to whiter in me

[Haamiah - Maurício Del Bianco]  
Touched by pain you are  
A deep battle of time

[Choir]  
On and on, on and on, on and on hell's guardian

[Haamiah - Maurício Del Bianco]  
You never thought how far  
You imagination could fly

[Solo - Roland Grapow]

[Tobit - Leandro Caçoiló]  
Perhaps you were born to walk alone  
Your life is quite different from the lives of everyone  
We both know, some memories can be strong  
You're in my dreams  
To you I belong

[Solo - Roland Grapow]

[Amon - Iuri Sanson]  
Give away your sword  
No matter how divine  
It won't be worth a dime  
Oh no!

[Timo - Mário Pastore]  
Why are the stars so hard to comprehend?...

[Samael - Nando Fernandes]  
Why are the stars so hard to comprehend?  
To live again

[Timo - Mário Pastore]  
I cry out loud: "The king rests on the stars"
