

Hand of God

Soundgarden

In the eyelid's mouth
On the iris tongue
When a scream crawls out
Only the tear has won
Only the tear has won

Who let the water run down? (cry internal)
Who let the river run dry? (live internal)
Who let the water run out? (burn internal)
Who let the river run wild? (die internal)
Who let the water run down? (cry internal)
Who let the river run dry?

Through the eyelet comes
Unimagined light
Unremembered sun
Only the rivers run
But never hide

Who let the water run down? (cry internal)
Who let the river run dry? (live internal)
Who let the water run out? (burn internal)
Who let the river run wild? (die internal)
Who let the water run down? (cry internal)
Who let the river run dry? (live internal)
Who let the water run down? (cry internal)
Who let the river run dry?

(Cry internal)
(Die internal)
(Cry internal)
