

Having A Hero

Southpaw

the world was on fire
but temperature below zero
I had a real pleasure
having a hero
his taste was so special
his smell was so real
he has put a seed inside me
and now im starting to feel

just like that
and now I can't get him
out of my head
like in the movies I've seen
like in the books that I've read
just like me
and now I finally cannot sleep
cause I still want to see
his pretty face infront of me
