

Healthy Drug

Southpaw

Will you be my secret lover?
Underwear or undercover
Will you be my favourite creature?
A little nicer than my English teacher

Healthy drug, healthy drug...

Will you be my cosmic dancer?
See, my heart beats like sequencer
Will you be my private preacher?
A little wiser than my P.E. teacher

Healthy drug, healthy drug

Oh, my healthy drug
I know I just wouldn't get enough
But now a brand new day
Is gettin' born again
My body is full of pain
So I have to go and kill some more of my braincells.
Will you be my secret lover?
Underwear or undercover
Will you watch me when I'm singing?
And every end with you
Is a new beginning
