

Here we plum

Southpaw

We listen to the words they say
It is the same shit every day
They say they treat us well
To sell
Our boss will surely impress you
Driving his BMW
Checking his tie
Makes him feel so...
High

So here we plum
Don' t you understand?
This is our plan
So here we plum again

We had a time to handle this
Czech scene and zoo called Showbusiness
The say they treat us well to sell
Sell?
We made a huge radio tour
We paid them well to pull us through
They say it takes time to shine
Shine?

So here we plum
Don't you understand?
This is our plan
So here we plum again...
