

## My life makes sense

Southpaw

Magic  
My life makes sense  
I woke up so freezing this morning  
But the sun was burning my hands  
And I feel it  
It's so intense  
And although it's hard to believe it  
It's not a coincidence  
Magic  
My life makes sense  
And although it sometimes is tragic  
Your fate is all in my hands  
Now my life makes sense
